

Good Design

A login form with a light blue background. It has a title "LOG IN" at the top. Below it are two input fields: "E-mail address" and "Password". There are two buttons: "LOGIN ME" (blue) and "SIGN UP" (light blue). At the bottom, there is a link "Forgot Password?". A green checkmark icon is at the bottom right, indicating good design.

Good Interface Design is easy to use and to understand because it is managed. The good one will guide users how to interact with the site in a clear and intuitive way even it's the first time for them to visit it.

Bad Design

A login form with a light blue background. It has a title "LOG IN" at the top. Below it are two input fields: "E-mail address" and "Password". There are three buttons: "LOGIN ME" (blue), "SIGN UP" (blue), and "FORGOT PASSWORD?" (blue). A red X icon is at the bottom right, indicating bad design.

Bad Interface design will make the users feel the website is complicated and difficult to operate or to use and also Bad Interface design can totally destroy the creativity behind the designers, but also delivers misunderstanding info to users.
